EXPERIENCE

ElleHacks Volunteer   February 2024
York University   *Toronto, ON*
- Volunteered at ElleHacks to assist in event organization, collaborating closely with organizers and hackers alike.
- Participating in this event helped me learn organizational skills and the importance of compassion, teamwork, and making a positive impact in my community.

National Guard Hospital Drill Participant   October 2022
National Guard Hospital   *Riyadh, KSA*
- Participated in a simulated medical emergency scenario aimed at evaluating the response time of emergency services to an earthquake-affected area.
- Engaging in this activity provided me with valuable insights into the pivotal role of technology within the medical domain.

PROJECTS

thecollegebazaar.com | *Python, Flask, HTML, CSS, Javascript, MongoDB*   Dec. 2024 – Present
- Built a secure, university-exclusive marketplace for students to buy, sell, and access resources like textbooks and services.
- Promoted sustainability by reducing waste through item resale within the student community.
- Ensured data privacy by encrypting user information and storing posts in MongoDB, with images efficiently managed via AWS S3.
- Developed a responsive platform using Flask for the back-end and HTML, CSS, and JavaScript for the front-end.
